Dental Health Arlington (DHA) is a nonprofit organization, which opened its doors in 1993 to provide access to dental care for low-income residents of southeast Tarrant County. Each year **DHA** provides free and low-cost dental care for approximately 2,500 people of all ages in the **DHA** clinic. The **DHA SMILES Preventive Program** also annually benefits 9,000 disadvantaged elementary school children in Arlington and Mansfield who might otherwise have gone without care.
